2 ✓ The protection of State forests is an important matter and it is a question whether the rule ~~and~~ may be modified as proposed so as to vest in the D.C. Magpie the power of issuing licenses in urgent cases. The other alternative suggested by the District Magistrate viz. vesting the entire power in the Conservator of forests himself does not appear to be feasible ~~as the~~ ~~Magistrate & the Conservator of forests~~ as it is the District Magistrate that should be primarily responsible for the administration of the Regulation in the District.

3 Perhaps the Conservator may be Consulted A-O.

The State forests are under the management of the Conservator of Forests and his countersignature is necessary for entry into such areas.

The District Magistrate would also like to exercise the powers of the Conservator of Forests or give up the powers conferred on him by the Game Laws.

We are not dealing with ignorant persons but with educated gentlemen fully cognisant of the game Laws - very often of several Countries & parts of India.

Such being the case they ought to come here fully prepared and armed with a license

for which they can very well apply in good time, to save the trouble and any possible annoyance after they come here.

To accommodate and help such persons, that we should alter the existing game laws passed after mature Consideration does not appear to be advisable in my opinion.

All Laws are somewhat complicated and require certain formalities to be observed

8 I do not see why the ~~power~~ authority to Countersign in respect of State forests within the Dt may not be vested in the Dy Commr as head of the forest dept in the Dt - If necessary a statement of licenses so countersigned may be asked to be sent to the Conservator so that the latter may see that State forests are not unduly shot over - The Conservator may have the power to close certain forests to shooting in certain seasons.

2. The accompanying papers relate to a proposal from the Deputy Commissioner of Mysore recommending the amendment of Rule 10 of the Game Rules.

3. In his letter No. 453 dated 12th March 1912, the Deputy Commissioner of Mysore brought to the notice of Government that the existing rule, enjoining that licenses to shoot in State Forests granted by a District Magistrate should be countersigned by the Conservator, was inconvenient in practical working as the licensees were more often European gentlemen on a holiday trip or on short leave and that the reference to the Conservator for purposes of countersignature caused appreciable delay. He recommended that the Conservator's countersignature which was more or less of a formal nature, may be dispensed with or in the alternative, the latter may be authorized to issue such licenses himself.

Paper under discussion

4. The Officiating Conservator of Forests (Mr. Hira Singh) was un-officially consulted and he was of opinion that an alteration of the existing rules was inadvisable.

5. The Second Councillor was at first inclined

to think that the Deputy Commissioner may well be invested with the authority to issue licenses also in respect of State Forests within the District. At the suggestion of the First Councillor the subject was considered in Council which was of opinion that no alteration of the present rules was necessary.

K.Krishna Iyer Esquire

District Magistrate of Mysore.

To

C.S.Balasundram Iyer Esquire B.A.

Offg. Secretary to Government

Genl and Rev. Departments.

Sir,

I have the honor to state that many an English and European gentleman comes on a holiday trip to these parts and prays for a a license under the Game Laws to shoot preferrably in the State Forests. Their leave presumably extends for a very brief period as they wish that their license may be made available at the place of shooting and if the license is sent a day later than is appointed in their letter, it is returned undelivered.

Very often in urgent cases I cannot but accede to their request and grant licenses in anticipation of the countersignature by the Conservator of Forests, whose countersignature is more formal than anything else. He has now taken exception to my procedure as above adopted under very pressing and exceptional circumstances. The local Game Preserves Officer also does not seem to value the license granted for shooting in the State Forests by the Magistrate of the district, and as such the prestige of the District Magistrate in matters relating to his own district suffers considerably.

I therefore request that Government order requiring such licenses to be sent to the Conservator of Forests for previous countersignature may be modified so as to admit of such cases as are now brought to notice being dealt with by the District Magistrate himself without reference to the Conservator of Forests; or if this is not acceptable to Government the Conservator of Forests may be authorized to issue such licenses himself and relieve the District Magistrate altogether

altogether from all responsibility with regard to the issue of licenses for shooting in State Forests.

I have the honor to be

sir

your most obedient servant

District Magistrate of

Mysore.
